

APC Smart-UPS

APC Smart-UPS - UPS - 2250 Watt - external - UPS battery lead acid - 8 output connector(s)

Part Number: SU2200J

Description

Over time UPS batteries wear out, this leads to a loss of power capacity and runtime. In this case consider APC batteries as the best replacement option.

APC batteries provide factory-spec performance for your UPS. Off brand batteries may affect UPS voltage regulation, run time, and provide unpredictable results. APC recycles used batteries and almost 100% of the battery lead content is reused, protecting the environment. APC supplies the appropriate instructions for your UPS, along with any needed wires; all connections made with high current gas-tight crimps for high reliability.

Main Specifications

Product Description	APC Smart-UPS UPS - 2250 Watt - UPS battery - lead acid
Device Type	UPS
Form Factor	External
Dimensions (WxDxH)	7.7 in x 21.5 in x 17 in
Weight	123.2 lbs
Localization	Japanese / Japan
Load Rating	Small LAN / file server
Input Voltage	AC 110 V
Output Voltage	AC 100 V
Power Provided	2250 Watt
Output connector(s)	8 x power NEMA 5-15
Battery	UPS battery - lead acid
Average Run Time	18.1 min at half load
